KeyPad

Two-way wireless keyboard

Ajax KeyPad helps to manage the Ajax security system. Arm the system with a passcode or with the press of a button. Use a duress code to send a silent alarm to a central monitoring station.

Maximum Performance

- Works up to 1,700 meters from Ajax Hub in open space or across several floors of a business center

- Allows for partial arming of the system

- Indication of protection status

- Protection against password guessing

Effortless Operation

- Arm/disarm with a passcode

- One button arming

- Through two-way communication with the hub, the keyboard confirms the delivery of any command

Simple Installation

- Connects to Ajax Hub with a single click

- The quality of the connection can be tested remotely

- No need to disassemble the body when installing using SmartBracket mounts

Bulletproof Protection

- Authentication to prevent forgery

- Jamming detection and communication channels encryption

- Tampering alarm

Tech Specs

- Color: white/black

- Device type: wireless

- Use: indoor

- Duress code: available

- Temperature sensor: available

- Radio signal power: 20 mW

- Power supply: 4 AAA batteries

- Power supply voltage: 3 V

- Operating temperature range: from 0°C (+32°F) to +50°C (+122°F)

- Operating humidity: up to 80%

- Dimensions: 150x102.5x13.2 mm (5.9x4.1x0.5 in)

- Weight: 172 g

- Battery life is up to 2 years
