LeaksProtect

Wireless flood detector

Ajax LeaksProtect detects and notifies you of an inflow of water within seconds, but automatically cancels the alarm if the area dries. Energy-efficient, reliable and extremely long lasting.

Maximum Performance

- Works up to 1,300 meters from Ajax Hub in open space or across several floors of a business center

- Early detection of flooding

Effortless Operation

- Alarms are automatically canceled if the water dries

- Two-way communication with Ajax Hub allows for periodic testing and customization

- Saves energy by regulating power consumption based on the distance from Ajax Hub

Simple Installation

- Connects to Ajax Hub with a single click

- The quality of the connection can be tested remotely

- No need to disassemble the body when installing using SmartBracket mounts

Bulletproof Protection

- Authentication to prevent forgery

- Jamming detection and communication channels encryption

- Tampering alarm

- Waterproof with nickel-plated contacts

Tech Specs

- Color: white/black

- Device type: wireless

- Use: indoor

- Power supply: 2 AAA

- Power supply voltage: 3 V

- Temperature sensor: available

- Radio signal power: 20 mW

- Ingress protection: IP65

- Working temperature range: from 0°C (+32°F) to +50°C (+122°F)

- Operating humidity: up to 100%

- Dimensions: 56x56x14 mm (2.20x2.20x0.55 in)

- Weight: 40 g

- Battery life is up to 3 years
